

Comparison: On the left, legacy Network Magic and router admin UI, were around before my influence. On the right, Easy Router Setup and Linksys Smart Wi-Fi with my design influence.

Legacy Linksys Router Management UI: CD-based setup, router management through router's IP address - *not my work*

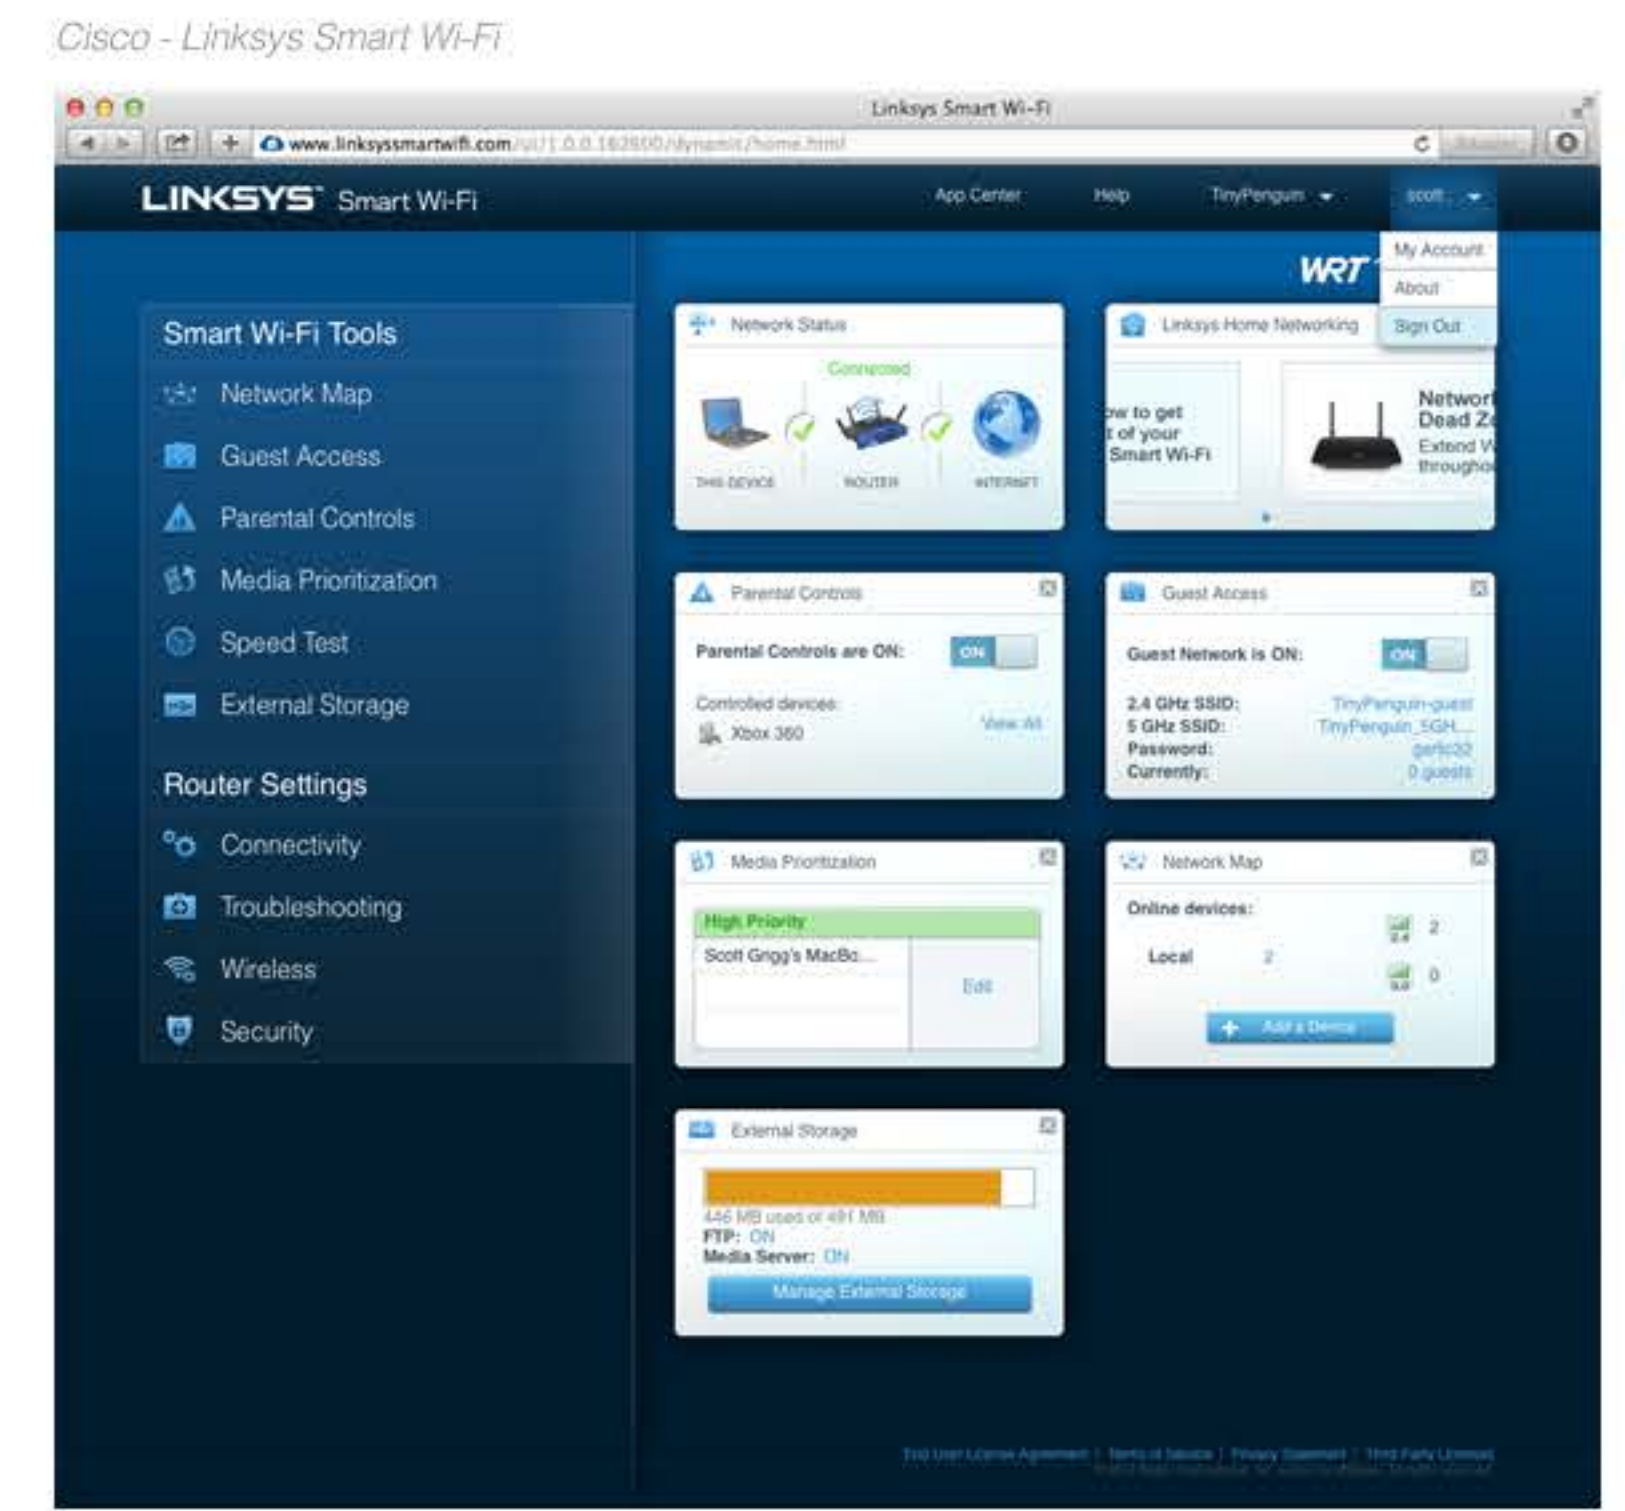

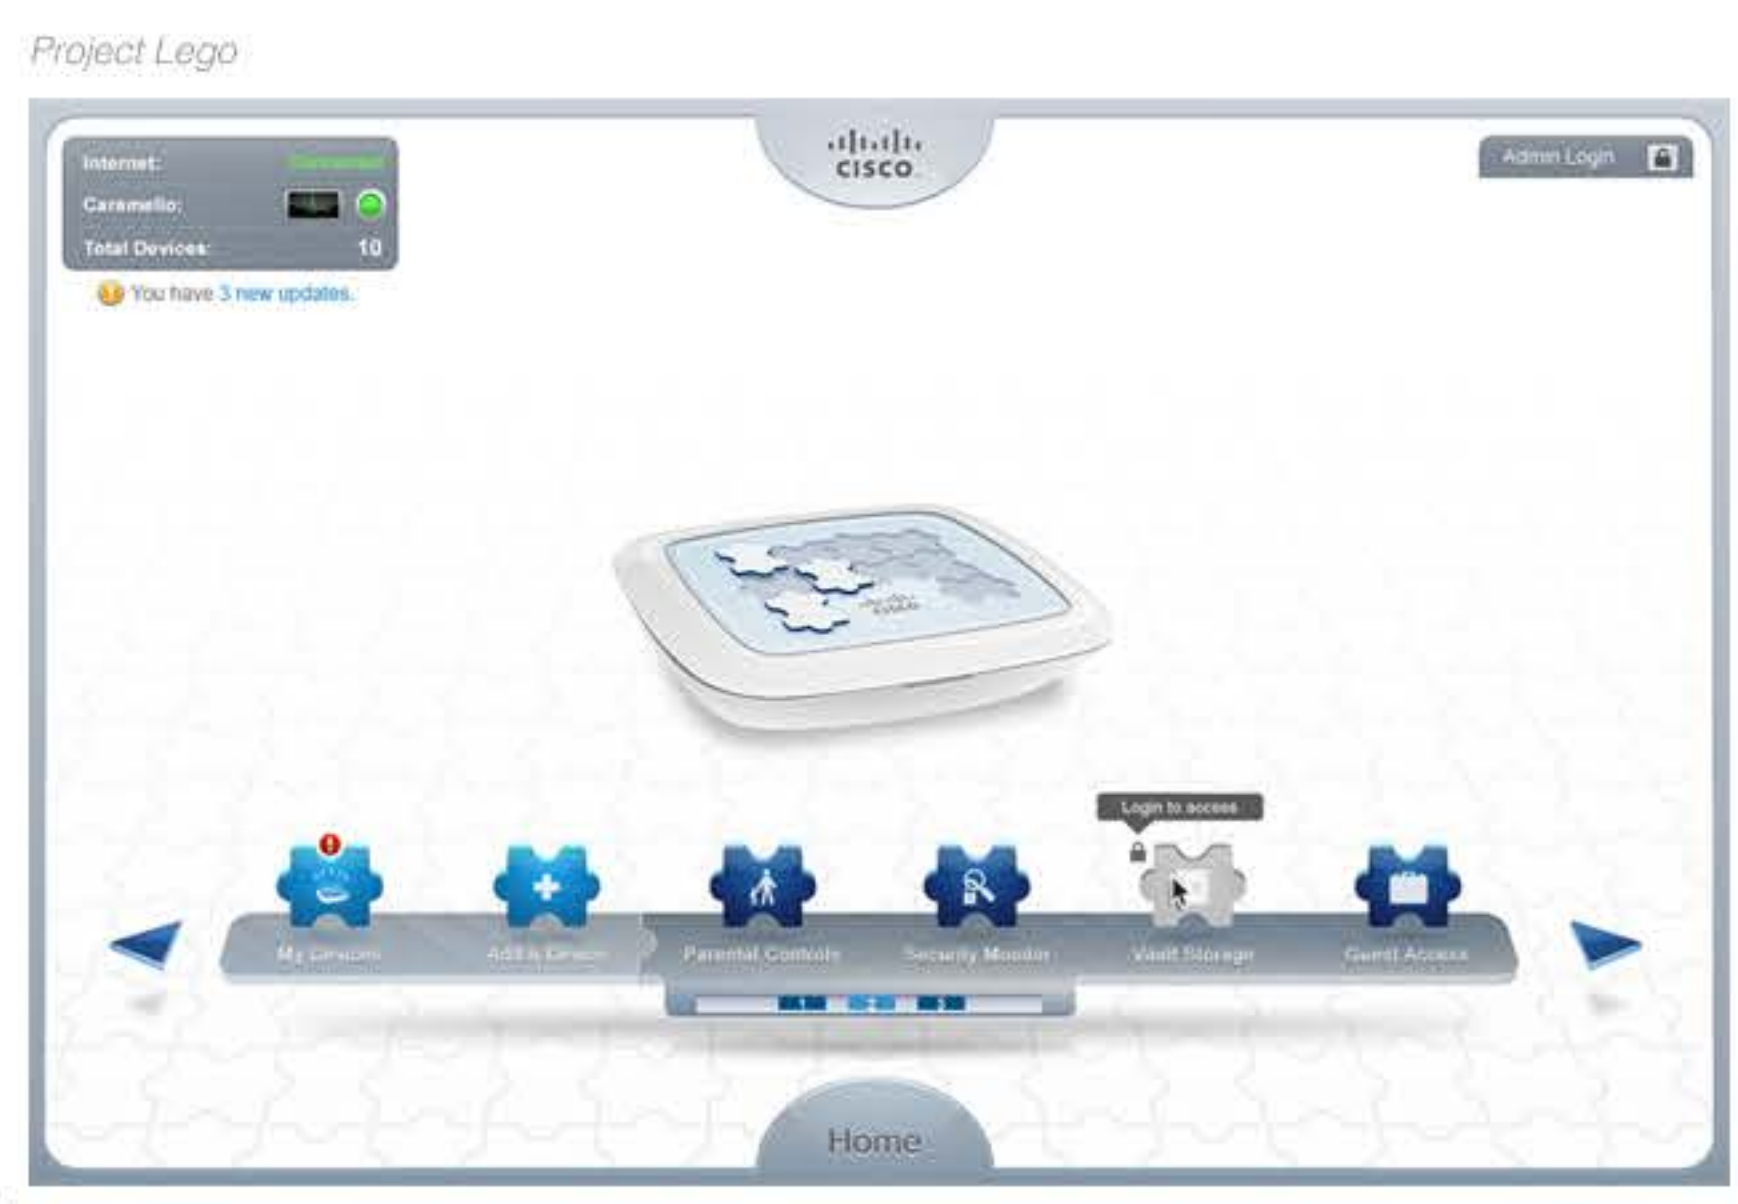

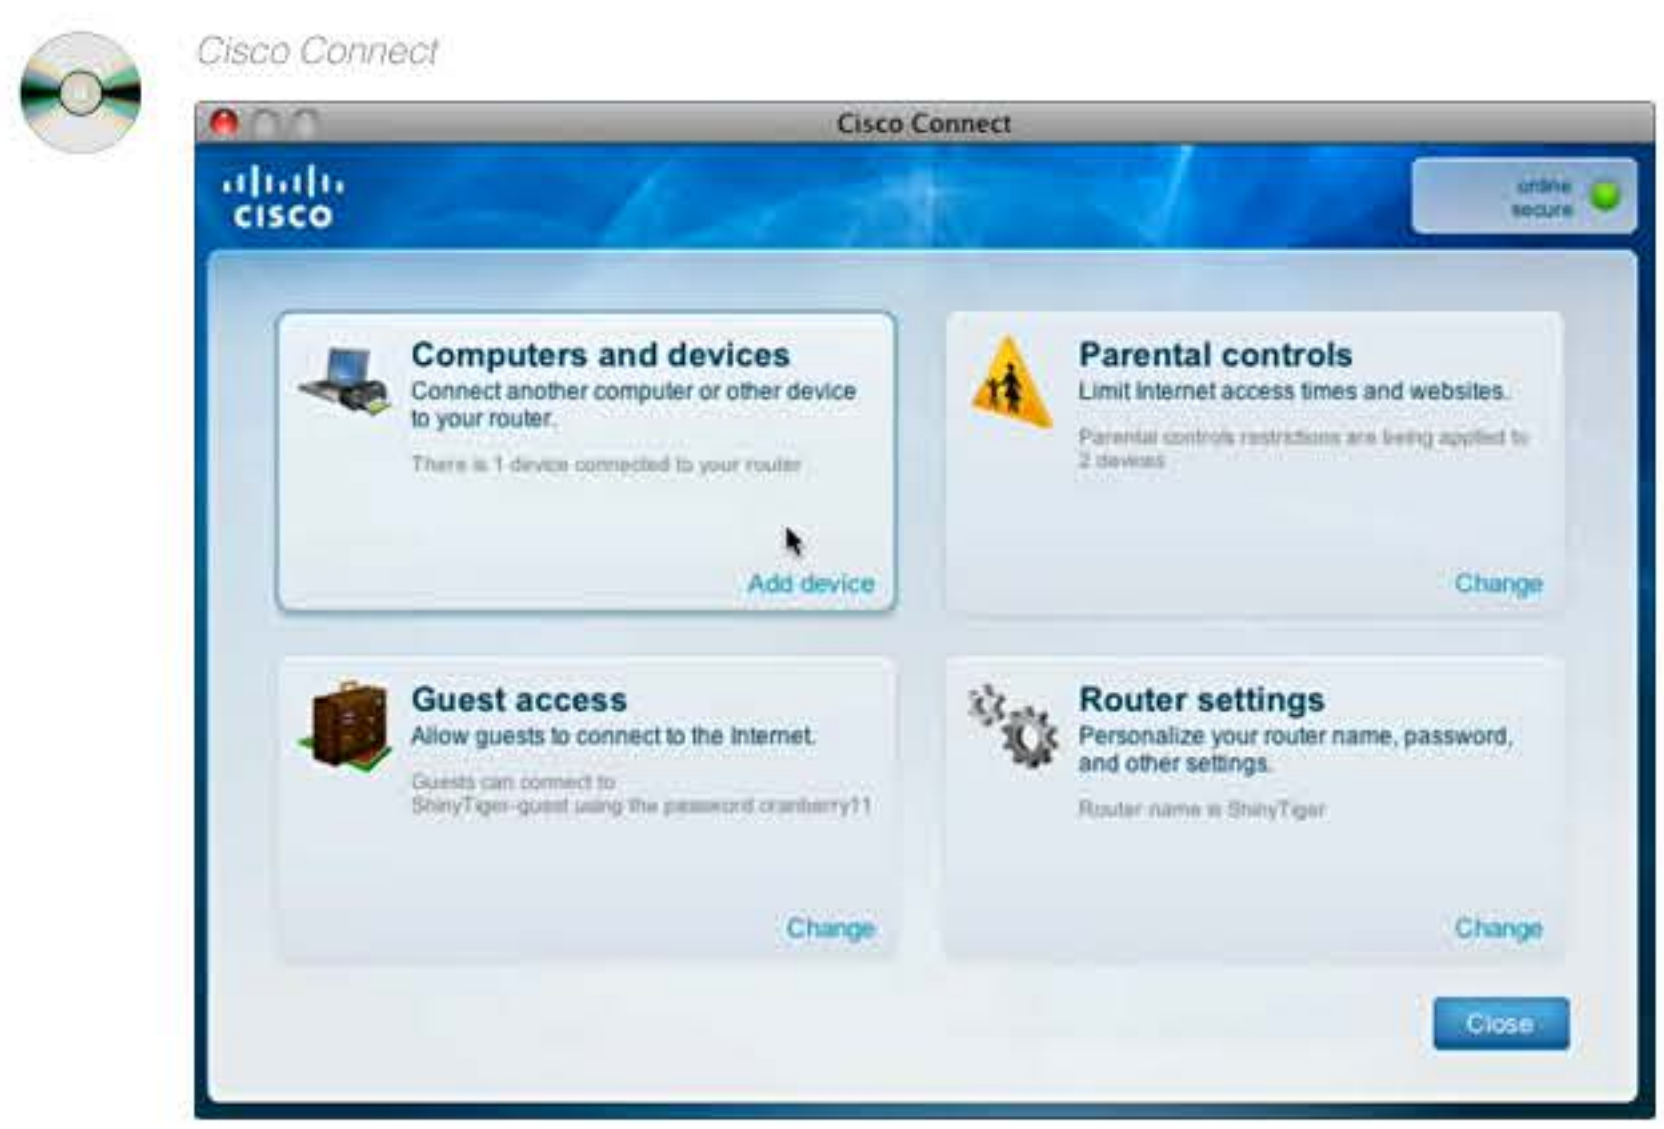

Linksys Smart Wi-Fi: Browser based router setup, browser based router and network management tool

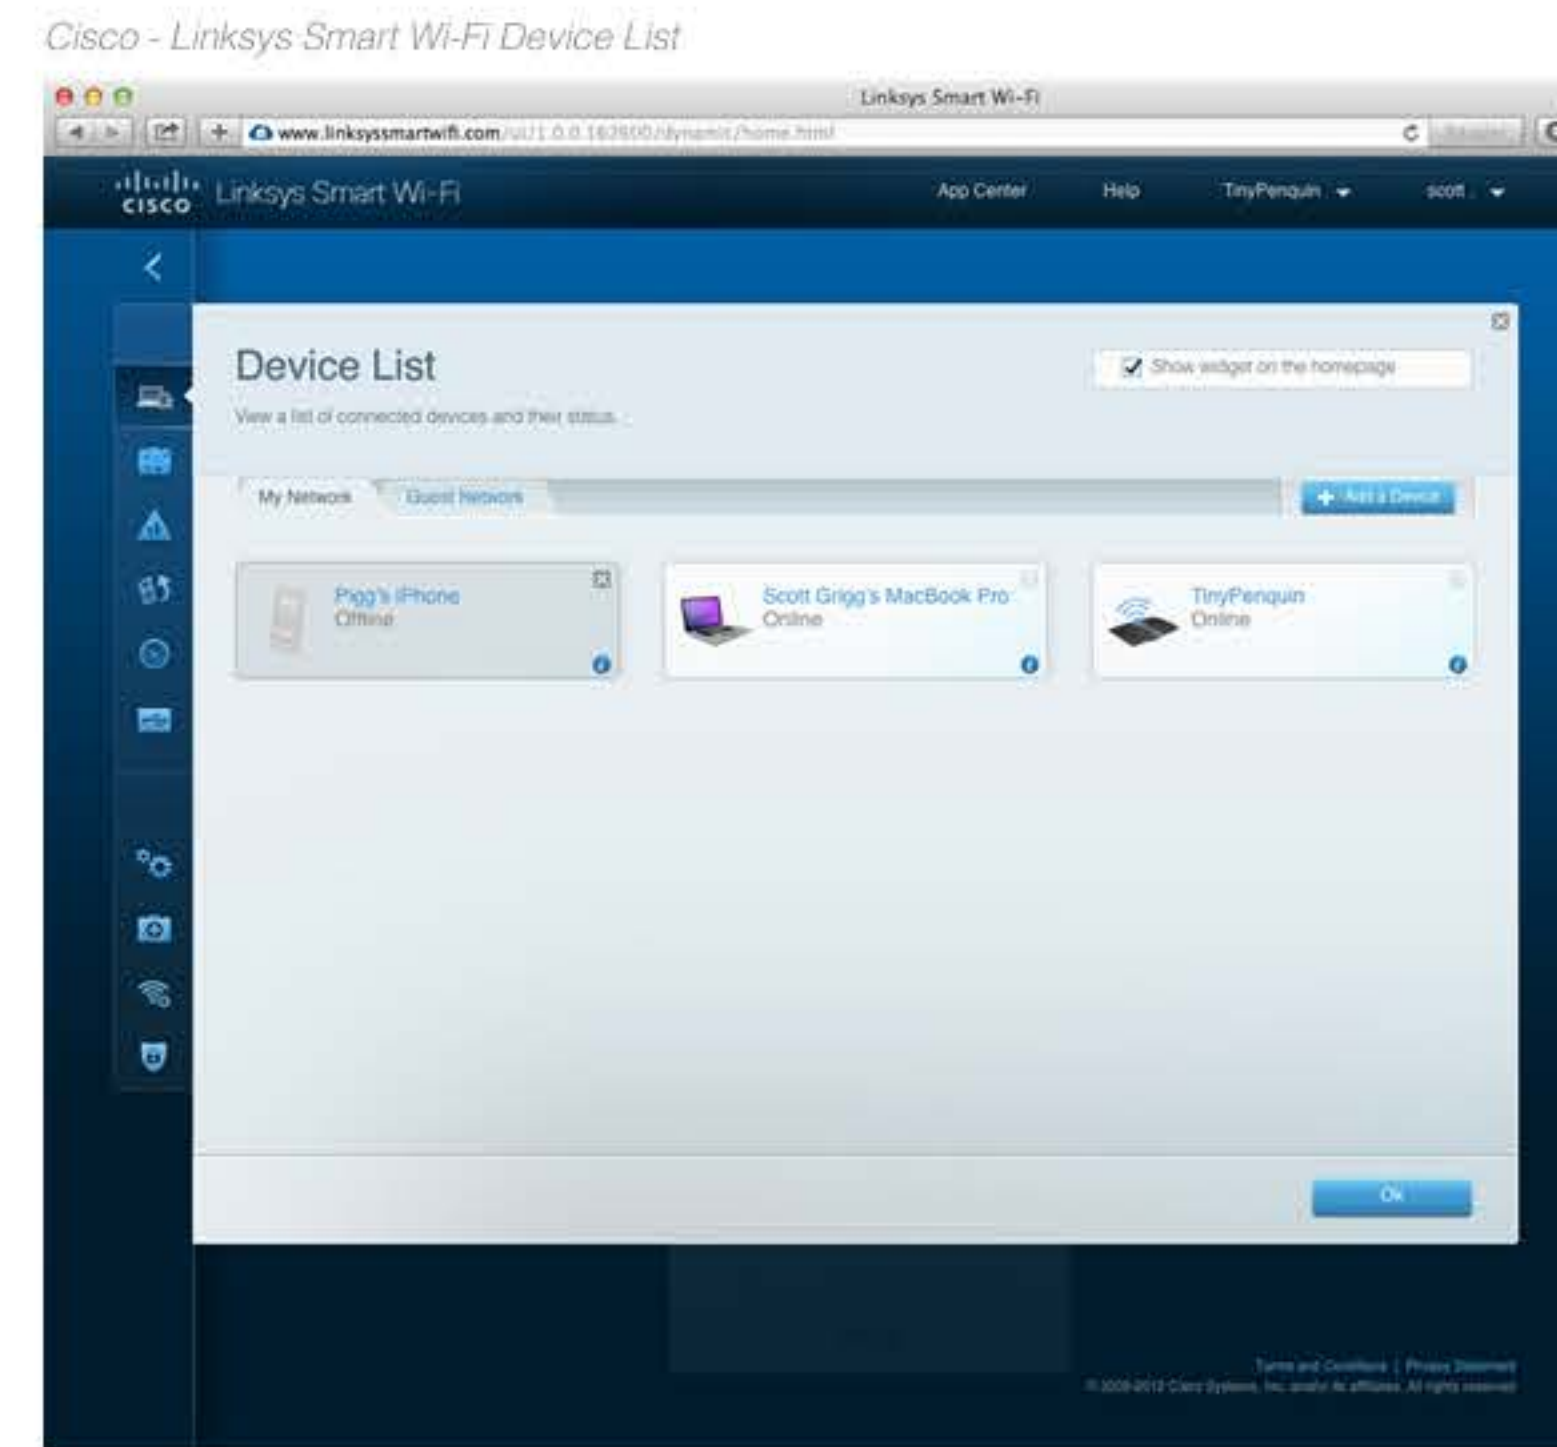

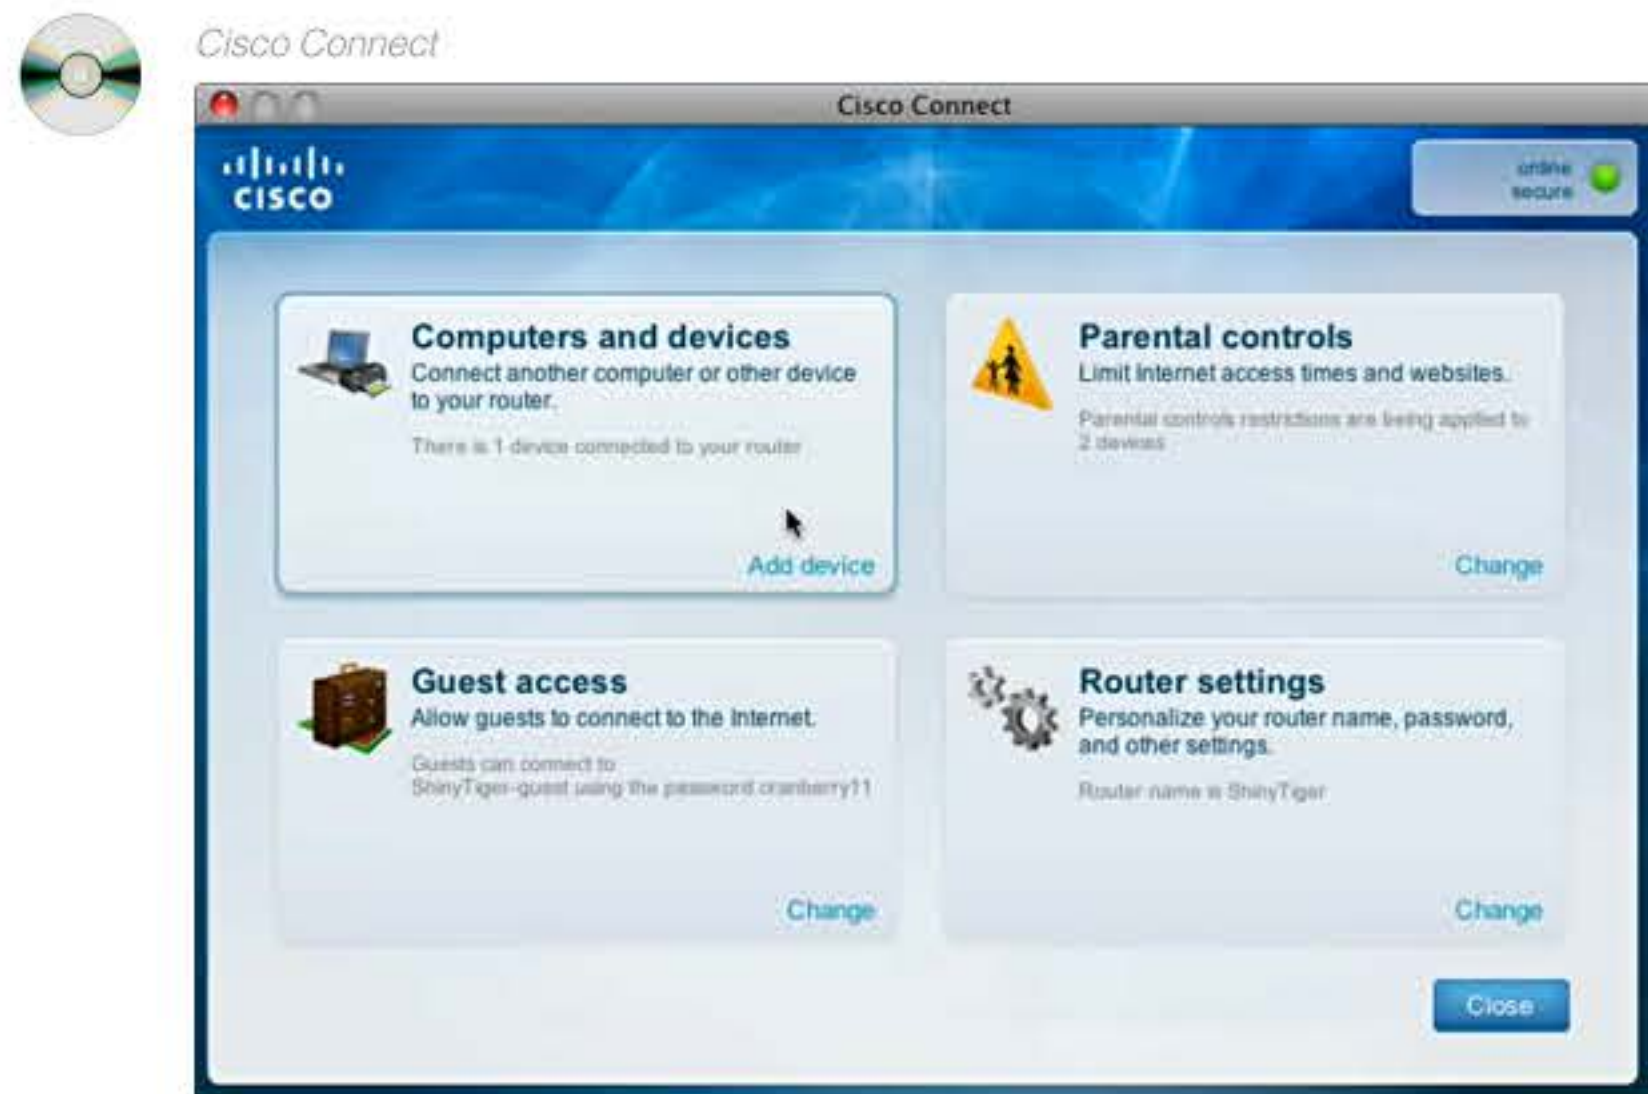

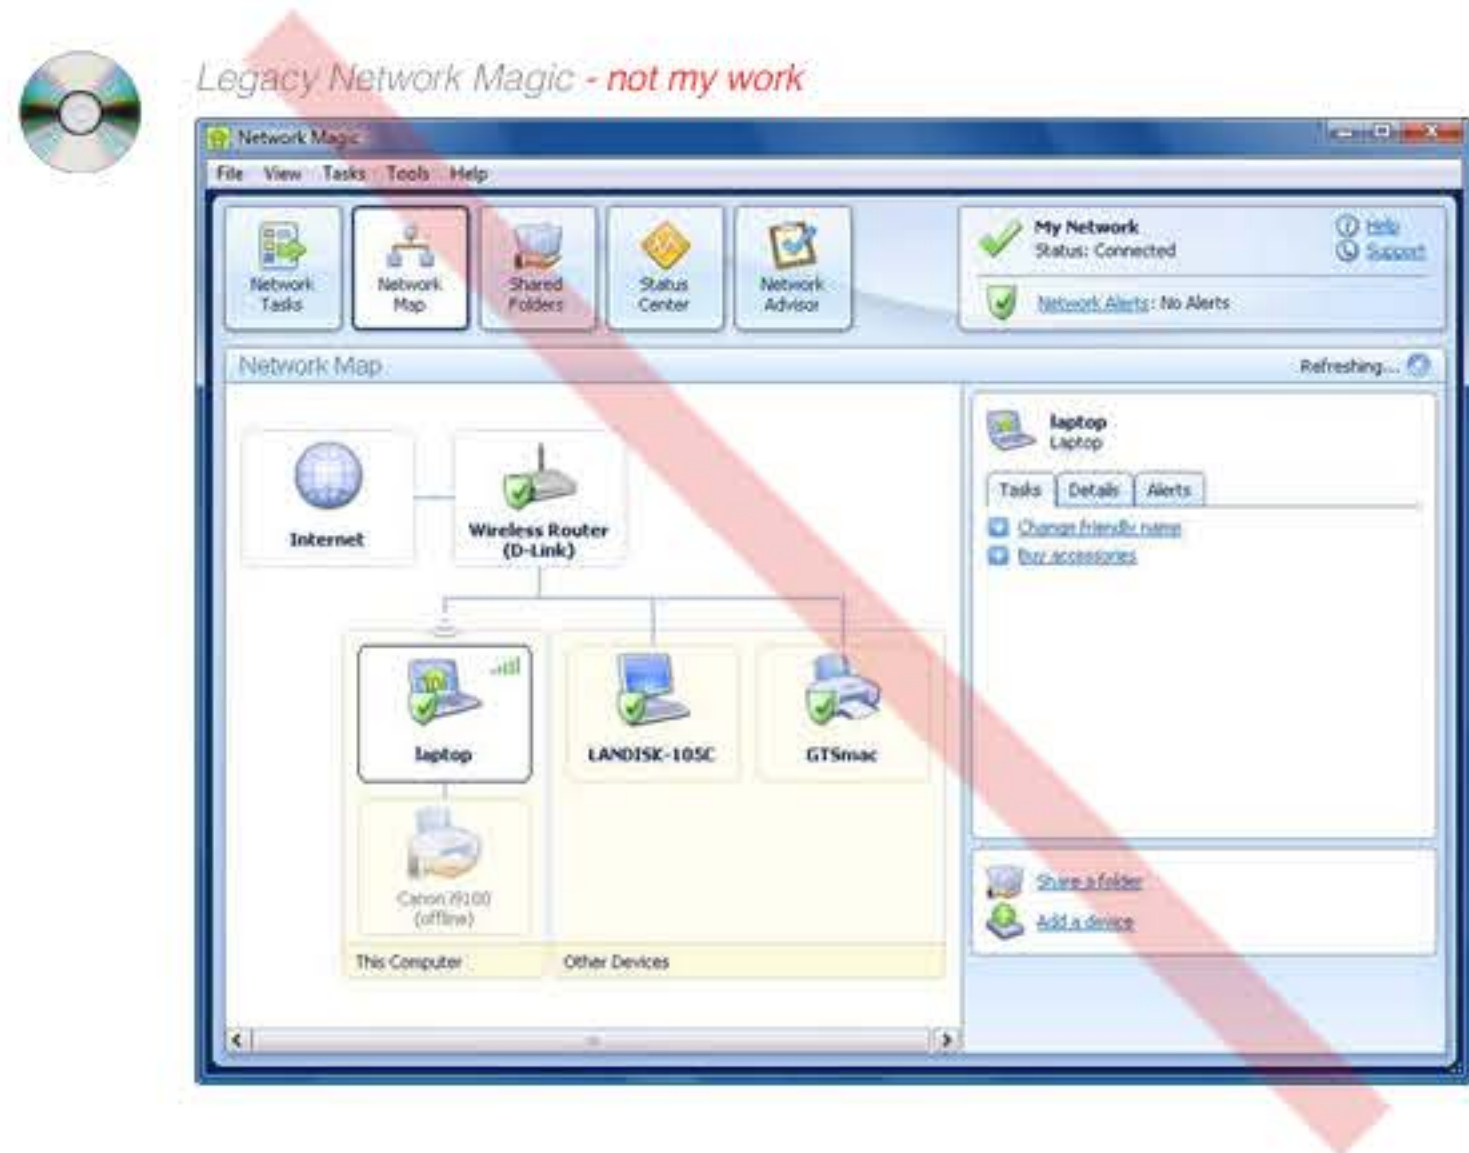

Legacy Network Magic: CD-based setup, client install - *not my work*

Task-centric UI evolution - Network Magic 3.8 - 5.0, Cisco Connect, Lego, Linksys Smart Wi-Fi

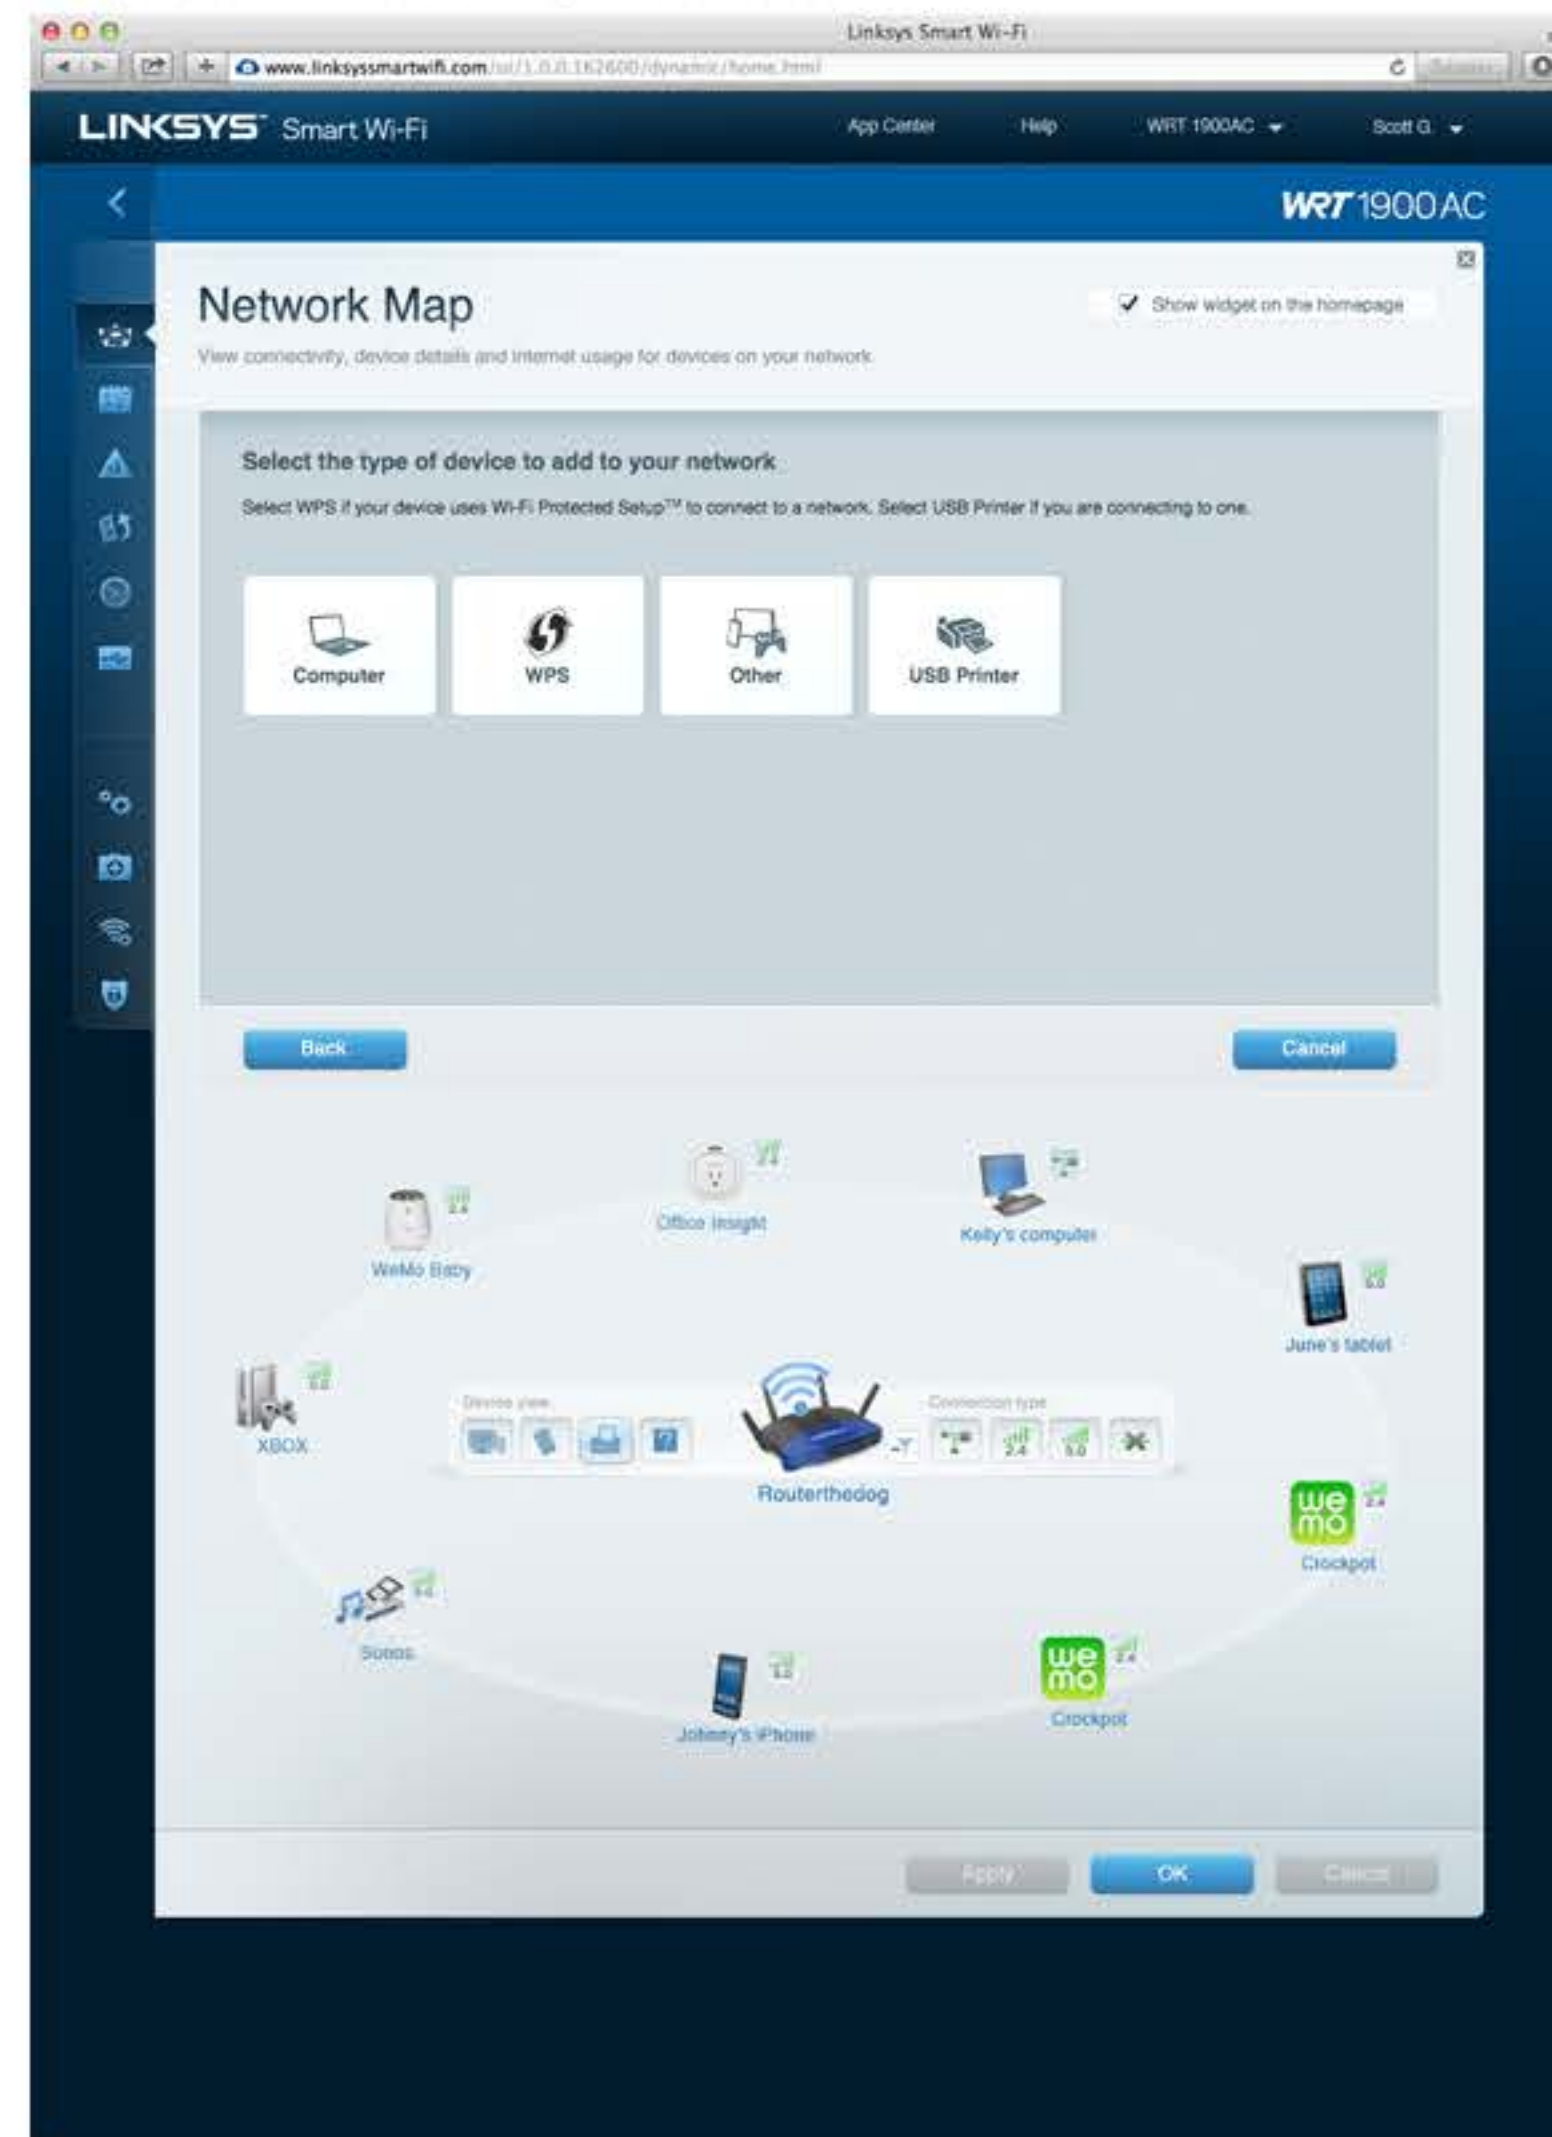

Linksys Smart Wi-Fi Network Map - wrap around functionality

Linksys Smart Wi-Fi Network Map - Add a Device

Linksys Smart Wi-Fi Network Map - Internet Usage / Bandwidth report

Legacy Network Magic - navigation and iconography - *not my work*

Network Magic 5.0 - navigation and iconography

Cisco Connect - iconography

Project Lego - navigation and iconography

Linksys Smart Wi-Fi navigation and iconography
